

SYNERGY TELECOM P. LTD

DISTO TM D2

SPECIFICATION

- 1. The Leica DISTO™ D2 is a 7 measurement mode LDM accurate to 1/16 of an inch. It features an intuitive back-lit LCD display in a 4oz package that is small enough to fit in your pocket.*
- 2. Use Bluetooths to send measurements into apps running on mobile devices.*
- 3. The D2 calculates area and volume, and remembers the last 10 measurements taken. It includes a pythagoras function for indirect height or width measurements*
