

Services (Synergy Telecom (P) Ltd):-

Synergy Telecom (P) Ltd., established in 2001, is a leading manufacturer, importer and exporter of **RF Connectors, Microwave and Antennas**. We also manufacture **surge arrestors and protectors. We are trading in coaxial cables and optical fiber products**. Our philosophy is to anticipate the market needs and to maintain an inventory of the most popular products falling under our business category. We have engineered a place of excellence for ourselves through our trusted products and reliable services. We believe in total customer satisfaction and fulfill all their requirements accordingly by improving our product quality.

Profile

Synergy Telecom is a diversified technologies company involved in the representation, distribution, integration, manufacturing, installation, repair and service. We are one of the growing companies in the field of manufacturing of microwave components in North India. We also import RF Connectors and Microwave components from China. We are keeping stock of all types of RF connectors, microwave components and jumper cables.

Consultancy

Synergy Telecom has started consultancy services for the Government Company like ITI, BSNL, DRDO and many others for TSP (Total Solution Provider).

Synergy Telecom has the Tie-up with Rosenberger , Microqual , Coslight , BMI Cables and we will provide the consultancy services at the front end.

Our Mission is to have the capabilities necessary to be the primary source for our customers through the breadth of our product and service offering with an overall focus on the lowest total cost solution. We strive for continuous learning and business process improvement, while continuing to be an upstanding corporate citizen in the communities in which we operate.

Our Vision is to be the customers' first choice and leader in the offerings of stock of all kinds of connectors, cables and microwave components of the shelf solutions and related information to commercial, industrial, contractor, and institutional customers. Our aim is to improve our services up to customer satisfaction.
