

E-PLANE TEE

- Model 3061 E-Plane Tee are series type T-junction and consists of three section of waveguide joined together in order to divide or compare power levels. The signal entering the first port of this T-junction will be equally divided at second and third ports of the same magnitude but in the opposite phase.

Model No.	Frequency Range	Waveguide Type	Flange Type
ST-L-3061	1.7-2.60	430	CPR-430
ST-S-3061	2.60-3.95	284	53
ST-C-3061	3.95-5.85	187	149A
ST-J-3061	5.85-8.20	137	344
ST-X-3061	8.20-12.4	90	39
ST-Ku-3061	12.4-18.0	62	419
ST-K-3061	18.0-26.5	42	595
ST-R-3061	26.5-40.0	28	599
ST-V-3061	40.0-75.0	15	385
ST-W-3061	75.0-110.0	10	387
